Reginia Garner

reginia@pvtn.net reginiagarner@mackenergycorp.com July 2009

Greetings Members!

This is a time of vacations, holidays, family reunions and other activities which bring friends and families together. Normally I would be writing this in the middle of a sizzling summer day, but we've been having much nicer weather than usual. Hope you are all enjoying a spectacular summer and better weather than expected, too. Enjoy your days in the sun!

It is also the perfect time to begin planning your ADDC future! Donna Siburt, ADDC President Elect, is still accepting volunteer forms for 2010 Committees and local clubs are beginning to search within their ranks for next year's officers and leaders. In addition, we still have plenty of time left in 2009 for at least one new, unforgettable project that can help define 2009 as a year of achievement ... take the focus off our economy and put it back where we need it to be – on the future. *Imagine* all that we can be, *Believe* in ourselves and our organization and together we can *Achieve* new levels.

Today I received an interesting email ... an advertisement, actually, but the subject did catch my attention because it discussed something every Desk and Derrick member should take the time to think about: Making Teamwork Happen. Of course, they were advertising their special one hour audio conference, but listen to what they have to say:

Discover easy-to-implement teambuilding activities and how they can build spirit, trust, communication and performance. You'll take back to your team exercises specifically designed to create a shared vision and erase confusion about team roles and the conflict it causes while improving valuable relationships. You'll also delve into your position as a team leader and how to maximize it to accelerate team cohesiveness.

Doesn't this actually sound like what happens anytime D&D members get together, whether at a regular meeting, a regional meeting or especially at convention? We gather together and implement our own teambuilding activities such as field trips and seminars. We meet new people and re-establish relationships with old friends all the while we are networking, building trust, communicating and performing. We might not have specifically designed exercises per se, but we definitely learn to share our visions and strive to minimize confusion. Our committees and Boards are the ones delving into their positions as team leaders allowing members to pursue and develop new leadership skills and encouraging them to work as teams, not just individuals.

In their advertisement, I did find a gem to hold onto: Your first and most important teambuilding activity is creating a shared vision. Without a shared vision, we are not a team. We need a singular idea that everyone can embrace. I believe the shared vision for Desk and Derrick members is the idea that we can work together and make a difference and we have chosen to do so by better educating ourselves and others about the energy industries we serve. So, to slightly rephrase one of their pitching points into a commercial for D&D ... whether you work with a team of 5 or 50 or more, ADDC will help you develop the skills necessary to allow people to work together and be effective day in and day out. Why not take the lead and go for it? Sign up today!

Speaking of signing up ... have you sent in your registration for the ADDC Convention? The time is growing nearer, so don't wait too long! We look forward to seeing you in Calgary, Celebrating the Western Spirit.

Business Experience I have worked in the energy industry for over 25 years. Since 2005, I have worked for Canadian Natural Resources as an Invoice Cost Administrator in the drilling department. My primary duties include reviewing and approving invoices for payment in accordance with contracts or negotiated pricing schedules and reviewing drilling rig contracts. Prior to that my career experience (16 years) covered rail and truck logistics in the propane industry, supply and inventory coordination of propane across Canada and the northwest US. My early years in the industry included project expediting, purchasing, and scheduling of equipment for the construction of gas plants and oil refineries within Alberta. Education Background I have a General Business Management Certificate from the University of Calgary as well as additional courses towards a Project Scheduling Certificate. In addition, I have taken many courses including: the Fundamentals of Petroleum, various computer courses, WHMIS, Transportation of Dangerous Goods. Participation in other Organizations I have participated as a member of our church vestry, the Special Olympics for the Alberta Winter Games, helped organize a Desk and Derrick Team for the CIBC Run for the Cure, and helped with the yearly United Way Campaign. I have also helped and/or participated in the Calgary Corporate Challenge (a yearly fund raiser), the Calgary Food Bank, Habitat for Humanity and the Mustard Seed

Goals - Candidates for 2010 ADDC President Elect

CANDIDATE'S GOALS Angie Duplessis

My goal is to promote education and the professional development of our members. Our Association offers valuable programs to enhance our knowledge and provide us with a better understanding of the industry we serve.

I believe community service is very important. It allows us to share the Desk and Derrick vision, "Greater Knowledge – Greater Service"; therefore gaining a source for new members. With the new public relations ad that is now available for use, we will continue to market Desk and Derrick as a viable resource and increase awareness to those in our industry, community, and employers.

I am confident that the Association of Desk and Derrick Clubs will foster the development of our members through dedication, education, and learning new things to achieve this success. The camaraderie, friends and relationships I have made through my Desk and Derrick adventures are priceless. No words can express the educational value that has opened up doors of opportunity for me due to being a member of this organization.

Goals - Candidates for 2010 ADDC Vice President

Judi Adams

Candidate's Goals:

In the past 60 years since the first Desk and Derrick meeting was held in New Orleans, this organization has become well-known within the energy industry for providing meaningful educational opportunities for our members and others in the industry. I feel that our focus on knowledge and service is key to our continued success as an organization, and my primary goal is to ensure we continue providing valuable programs for our members. By maintaining our focus on "Greater Knowledge - Greater Service," we will continue to enhance our reputation as an organization known for outstanding educational opportunities such as the Certification Program.

Goals - Candidates for 2010 ADDC Secretary

Candidate's Goals: Marilyn Carter Secretary

My goal as Secretary for 2010 is to document accurate and timely minutes for the Association Board and the membership. I believe it is important for me as a Board member to step forward as an ambassador of Desk and Derrick to the industry and potential members. As an organization, we need to promote the benefits of being a member in order to gain the interest of potential members. Nothing can replace the enthusiasm of spreading the word via "word of mouth".

Christine Wolf - Candidate's Goals

As Secretary, I will keep detailed notes and minutes of correspondence and decisions made by the Board, and relay information in a timely manner to all Board, Club Presidents, and members of the Association in an efficient and timely manner.

Goals – Candidates for 2010 ADDC Treasurer

Linda Clark

Regardless of when we joined Desk and Derrick, one of our strengths as an organization lies in our primary goal: to further educate our members. My vision is that we continue to develop educational opportunities that will keep existing members informed and help attract potential members. I look forward to sharing my passion and enthusiasm for Desk and Derrick with others.

It is an honor to be considered for nomination to this important position. My strong background in banking and finance make me perfectly suited for the position of Treasurer and I would appreciate the opportunity to serve.

Melinda Montgomery Candidate for ADDC Treasurer

My main goal as Treasurer would be to assure that all monies are being utilized effectively and efficiently to serve the best interests of membership. As a Board member I would also be responsible for communicating with membership and making sure they understand the various uses that their membership dues provide. We, as a Board, must continually reevaluate our strengths and weaknesses to make sure we are guiding the Association in the right direction. We must be open to change and new methods to make sure that we are able to continue to reach higher levels of achievement in all aspects of what we do.

Lucy Mulgrew – Alberta Foothills Club – Candidate for ADDC 2010 Treasurer

If elected for 2010 Treasurer, my main goal is to oversee the collection and disbursements of ADDC funds as set by our ADDC rules and guidelines plus maintain an efficient system of accountability. Also added to my goals list is to help revitalize our great Association by lending a hand to rejuvenate existing members and enticing new members. We need to assist our clubs in ADDC to work together to ensure that we still exist for the next generations. Working together we are a powerful force in the industry because we have many talented, energetic and many dedicated members. Each of us joined Desk and Derrick to satisfy a personal need whether for education, belonging, participation, or growth and this association can supply that. Let's share our resources, our ideas, our thoughts and get our pawerful ack Patch Why did we join ADDC?"

June 15, 2009

To: All Club Presidents

From: Audra Horton, 2009 Rules Committee Chairman

Subject: Proposed Amendments to ADDC Bylaws

A copy of the Proposed Amendments to the ADDC Bylaws, Rules of Convention, Convention Procedures, and Special Parliamentary Hints is posted on the ADDC Web site for the June 20th mailing.

It is important that you bring all of the items listed above to Convention since copies will not be available at the business sessions.

If you have any question concerning these items, please do not hesitate to give me a call at the above phone number or email me. I will be happy to help you with any questions you may have.

Sincerely,

Audra Horton

ASSOCIATION OF DESK AND DERRICK CLUBS

2009

RULES OF CONVENTION CONVENTION PROCEDURES SPECIAL PARLIAMENTARY HINTS

RULES OF 2009 CONVENTION

- The Bylaws and Standing Rules of the Association of Desk and Derrick Clubs shall govern the affairs
 of the Convention, and the latest edition of ROBERT'S RULES OF ORDER NEWLY REVISED shall
 be the parliamentary authority for all rules not covered by the Association Bylaws and Standing
 Rules.
- 2. All convention meal functions, business, plenary sessions, workshops, and seminars shall be non-smoking. Members in attendance at the above functions shall turn off all cell phones and pagers.
- 3. Members are requested to be in their seats at least five (5) minutes before the opening of each meeting and shall not leave the hall during any meeting, except in an emergency. Leaving and returning shall be in a guiet and orderly manner.
- 4. A section in the front of the hall shall be reserved for delegates and alternates. The delegate shall wear the numbered delegate badge and the alternate shall be seated with the delegate. Should it become necessary for the delegate or alternate to leave during a business meeting, each shall report to a representative of the Credentials Committee on leaving and returning. All exits and re-entries made by a delegate and/or alternate shall be reported by a Credentials Committee representative to the Association Secretary. When a delegate leaves the meeting, the numbered delegate badge shall be relinquished to the alternate, and the alternate shall assume the duties of the delegate until the delegate returns.
- 5. Should an Association Board member find it necessary to leave during a business meeting, the Association Secretary shall be notified.
- 6. All motions shall be in writing using the official motion forms obtained from the ADDC Secretary. A signed copy shall be delivered to the President, Secretary, and, when the Rules Committee Report is under consideration, the Chairman of the Rules Committee.

7. Rule of Debate:

- A. A delegate shall go to the nearest microphone, state his/her name and the name of his/her club. The delegate may speak when recognized by the President.
- B. Debate shall be limited to ten (10) minutes on each pending question.
- C. A delegate or member of the Association Board may speak twice on each debatable motion, and not more than two (2) minutes each time unless debate has been extended by vote of the delegates.
- D. Should a member, who is not a delegate or Association Board member, wish to speak on a question, the member shall be recognized by the President and must receive permission from the delegates. The member may then speak ONCE for two (2) minutes on any debatable question.
- E. A timekeeper, appointed by the President, will indicate when a member's allotted time to speak has expired.

RULES OF 2009 CONVENTION (CONTINUED)

- 8. The presentation of bids for Convention shall be limited to a total of thirty (30) minutes, to be divided equally among the bidders.
- 9. Voting for Association Officers shall be by preferential ballot, and the President shall announce the time and instructions for the election.

The Tally Committee shall count the ballots and submit a written report to the President and the Association Secretary.

The President shall announce the results of the voting to the assembly. A copy of the Tally Committee's report and the ballots shall be sealed and given to the Association Secretary.

- 10. Unless otherwise determined by general consent or vote of the delegates, all other votes shall be taken by rising vote.
- 11. No Convention discussion or actions shall be released to the press except through the ADDC Public Relations Committee.

CONVENTION PROCEDURESFor All ADDC Convention Delegates

This information is designed to help each delegate participate productively in the ADDC Convention. If you, the Club President, will not be the delegate, please give these instructions to your club's delegate.

You, the delegate, will be casting your club's only vote on Convention matters which will be of vital concern to your club and to the Association, including:

PLEASE BRING THE FOLLOWING ITEMS WITH YOU TO CONVENTION

- 1. Rules of Convention
- 2. Convention Procedures
- 3. Special Parliamentary Hints
- 4. Candidate Information for Association Offices

The Candidate Information for Association Offices is posted on the ADDC website. Please print this information out before arriving at Convention.

Copies of items 1-4 above will NOT be distributed again at Convention. Therefore, it is imperative that you bring them with you.

Exceptional authority is vested in you as a delegate. You were elected to express the wishes of your club's membership. The only voting members of the ADDC Convention are the delegates representing each club. Only delegates may make motions (the only exception being that the Rules Committee Chairman or representative has the authority to move the adoption of proposed amendments to the ADDC Bylaws and Standing Rules which have been submitted to that committee).

Your knowledge and participation are necessary to carry out the work of the Convention and to guide the Association in the coming year. Please review the following procedures and prepare to take an active part.

REMEMBER, DELEGATES:

Come informed; pay attention; speak up; and, VOTE!

TO OBTAIN RECOGNITION (claim the floor), go to the nearest microphone, face the President, and when you receive a nod from the President, give your name and the name of your club, and wait for recognition. The President will recognize you by announcing your name and club. You have been assigned the floor and can remain standing and speak or make a motion. Do not wait until no one has the floor to go to a microphone. If necessary, wait your turn at a microphone that is in use so there is an uninterrupted flow of speakers.

CONVENTION PROCEDURES (CONTINUED) For All ADDC Convention Delegates

TO MAKE A MOTION, obtain recognition (as above) and say, "I move that..." or "I move adoption of". Use the official motion blanks to put motions in writing.

TO SECOND A MOTION, without rising or obtaining recognition, say, "second" or "I second the motion".

A MOTION IS OPEN FOR DISCUSSION after it has been made, seconded, and the President has stated it and said, "Are you ready for the question?" or "Is there discussion?"

At this time, if you wish to discuss the motion that has just been stated, go to the nearest microphone, obtain recognition, and make any comments you desire that pertain to the motion. The maker of the motion has the first right to debate the motion.

- A. You may speak twice, for as long as two (2) minutes each time, on each debatable motion, unless this rule has been extended or curtailed by a Convention vote to that effect.
- B. All remarks should be addressed to the President, and must be limited to the immediate pending question (the motion that has just been stated).

TO AMEND A MOTION that is pending, obtain recognition, then say, "I move to amend the motion by ...". You will be amending the motion by one of the following:

- A. Inserting a word or phrase;
- B. Striking out consecutive words or phrases;
- C. Striking out consecutive words or phrases and inserting different consecutive words or phrases in that same place; or
- D. Substituting a new paragraph.

TO STOP DISCUSSION, TERMINATE AMENDMENTS AND ANY OTHER SUBSIDIARY MOTIONS, EXCEPT "LAY ON THE TABLE", obtain recognition and say, "I move the previous question" or "I move the previous question on all pending questions".

This motion requires a second and is not debatable. The President calls for a vote immediately after it has been seconded. It requires a (2/3) two-thirds vote to carry.

If the previous question carries, the President immediately proceeds to take the vote on the motion (or motions) to which it was applied. Note that these motions take only a majority vote unless the motion is on amending the Bylaws, then a (2/3) two-thirds vote is required.

TO ASK A QUESTION OR MAKE A PARLIAMENTARY INQUIRY ABOUT A PROCEDURE YOU DO NOT UNDERSTAND, obtain recognition, and ask the President your question. This is an acceptable interruption.

SPECIAL PARLIAMENTARY HINTS FOR CONVENTION PARTICIPANTS

MAJORITY VOTE - More than one-half (1/2) of the votes cast.

TWO-THIRDS VOTE - Two-thirds (2/3) of the votes cast.

QUORUM - A majority of duly accredited and registered delegates, provided two-thirds (2/3) of the clubs are represented by registration at the Convention (ADDC Bylaws, Article XIV, Section 3 (a)).

<u>A MOTION TO POSTPONE</u> - A motion to postpone some item of business to the next Convention is out of order. This objective might be achieved by moving to refer the business to a Committee to report back to the next Convention.

<u>A MOTION TO TABLE</u> - A motion to table can be used to set aside temporarily some item of pending business while business of more urgent nature is considered. It is a misuse of this motion to use it to "kill" a motion. A motion to table to the next Convention is out of order.

<u>A MOTION TO RECONSIDER</u> - A motion to reconsider wipes out a vote previously taken and gives delegates an opportunity to consider the motion again, just as though no vote had been taken. Reconsideration must be moved by one who voted on the prevailing side; however, any delegate may second the motion. The motion must be made on the day the vote was taken or the next succeeding day, a recess not being counted as a day. Adoption of a motion to reconsider requires a majority vote.

<u>A MOTION TO RESCIND</u> - A motion to rescind reverses a decision previously made. A motion to rescind requires a two-thirds (2/3) vote, unless notice to rescind was given at the previous meeting. In a Convention, a motion to rescind may be adopted by a majority vote of the total registered delegates (NOT a majority vote which is a majority of the votes cast, BUT a majority of the number of registered delegates).

<u>MOST CLUBS SEND THEIR DELEGATE UNINSTRUCTED, BUT INFORMED</u> of the club's general position on the issues to be considered. The uninstructed delegate is, accordingly, guided by the club's wishes, but is free to consider a question in terms of new or additional information and personal judgment.

THE INSTRUCTED DELEGATE is mandated to vote as required by the local club on an issue unless it has been changed considerably by amendment and thus becomes a virtually new question.

THE MOST IMPORTANT PARLIAMENTARY HINT - IF YOU DO NOT UNDERSTAND OR DO NOT KNOW HOW TO DO SOMETHING - ASK!

ASKING A QUESTION IS NEVER OUT OF ORDER AND IT'S NEVER A DUMB QUESTION!

Region Information

Region III Director's Newsletter

& D... A Journal of twee-ending Knowledge

Elaine Lesnak Region III Director

elesnak@miswaco.com

July 2009

To: All Region III Members

Hope everyone is enjoying their summer, along with vacations, pool parties, barbeques and gardens blooming

I hope all the Clubs are submitting a candidate for the Nickle's Energy Industry Person of the Year Award. The deadline is August 20th. I know we have a great number of members in Region III who qualify.

Just a reminder to members planning to attend Convention in Calgary, Alberta Canada, be sure to check your passports and make sure they have not expired. Those who do not have one, you need to get one soon, it can take from 4 to 6 weeks to receive one after you apply.

I, along with five other Westbankers, attended the 60th birthday celebration/Industry Appreciation Night of the New Orleans Club, on June 10th. It was a great meeting, the speaker was great, many of their supporters were there, and we had a good time visiting with great friends from the New Orleans Club.

I also attended the Lafayette Club's Industry Appreciation Night along with Gaylen Guillory on June 17^{th} . As usual, we had a good time along with great friends.

Best Regards

Elaine

President's Letter Cheryl LeBoeuf cheryll@cmaaccess.com

July 2009

Hot Hot is the only thing that I can say about July. I hope everyone had a great Independence Day. I was in Las Vegas and believe me it was very hot. Everyday the weather never fell below 100 degrees.

This month we will be watching a film on Rediscovering America's Forgotten Wells. So plan to attend and invite someone to come with you.

I hope that everyone is planning to go to "Christmas in July" on Sunday July 19, 2009 Harrah's Casino 10 A.M. The Club will be doing a \$10.00 gift exchange. We have 30 people signed up to go and you know that we will have a good time.

Our annual Bonko will be held on Saturday August 15, 2009 at M-I Swaco on Peters Road Harvey, La. This is always a fun and exciting event. Invite your family and friends to attend. Where else can you go on a Saturday night to get dinner, dessert and drinks all for \$20.00 in advance or \$25.00 at the door? This event will raise help money for our Scholarship Fund. We are also looking for donations for Bonko, please bring items to the July meeting.

Are you planning on attending 2009 ADDC Convention in Calgary come September? Remember that September is right around the corner, it will be here before you know it so don't forget to send in your registration. We are very proud that Angie Duplessis and Elaine Lesnak will represent the Westbank Club. Thank you ladies for all of your hard work.

Cheryl LeBoeuf

Desk and Derrick Club of the Westbank

Wednesday, July 22, 2009

The Four Columns
3711 Westbank Expressway
Harvey, Louisiana
6:00 p.m.

Film Rediscovering America's Forgotten Wells

Dinner - Buffet \$20

If you make a dinner reservation and cannot attend the Membership Meeting, please contact Gaylen Guillory gagui811@cox.net or call (504)301-8809 no later than 12:00 noon on Monday, prior to the meeting to cancel or you will be billed.

GAMBLING ON CANADA'S OIL SANDS

In the past, processing oil out of the sand in Canada was considered to expensive and destructive to the environment. In the present, all those considerations are now being thought of as Hydrocarbons lie beneath the untouched an acceptable risk. forest of northern Alberta. The promise of refining these hydrocarbons and the profit will soon change the landscape. Canada's oil sands are layers of sticky, tar like Bitumen mixed with sand, clay, and water.¹ The process of refining the sands entails stripping about a hundred feet of soil to reach the deposits. Bitumen is separated from the sand in a hot-water wash. As The Bitumen rises to the top of the wash, it is skimmed off from wood and other debris before it is sent to the upgrading facility to be converted to synthetic crude oil. The rest of the sand, water, and Bitumen residue are piped to ponds where the water is cleaned and recycled in the mines. Crews work around the clock in extreme conditions, to feed the heavy demand for oil. Where a peaceful cabin in the forest once stood, now is a vast open-pit mine. Next to the mine, "upgraders" cracks the Bitumen that at times causes flame-up from the stacks.

_

¹ National Geographic March 2009

The synthetic oil travels down a pipeline to refineries in Canada and the United States. The Mildred Lake Settling Basin is a foursquare-mile lake of toxic mine tailings.² There is sand by volume dike that is considered the largest dam in the world. When the Bitumen lies too deep to strip mine it is melted with steam so that it can be pumped to the surface. The industry has invested more than \$50 billion on construction. In mid-November, the International Energy Agency released a report forecasting \$120-abarrel oil in 2030, a price that would more than justify the effort it takes to get oil from oil sands.³ To extract a barrel of oil from the oil sands, the industry must first cut down the forest and remove around two tons of dirt that lie above the oil sands. Then tons of the oil sand itself are removed and must be heated by water to strip the Bitumen from the sand. After this process, the contaminated water is discharged into tailings ponds. The consequences of this operation happened a few months ago when about 500 migrating ducks mistook one of those ponds for a hospitable stopover and landed on the surface and died. The United States imports more oil from Canada than from any other nation, about 19 percent of its total foreign supply. Around half of that comes from the oil sands.⁴ The Oil sands make up a small part of the world's carbon emissions problem. There are worse

sources of oil, producing from oil shale or coal. Without a river, there would be no oil sands. Millions of years of erosion brought the Bitumen close enough to the surface to be stripped mined. At room temperature, bitumen is like molasses. Below 50 degrees or so, it is hard as a hockey puck.⁵ Just a handful of sand will contain around 15 percent of Bitumen. During the past decade, technology and demand have combined to make this industry profitable. At one time Bitumen was same liquid oil companies have been pumping from deep in the earth. Millions of years ago, some scientists think that the large volume was pushed by the rise of the Rocky Mountains. It eventually reached shallow enough depths to cool enough for bacteria to thrive. Those bacteria degraded the oil to Bitumen.⁶ The Alberta government estimates that the largest oil sands deposit contains about 170 billions barrels of oil that are recoverable. In 2003, the Oil and Gas Journal added the Alberta Oil Sands to its list of proven reserves. To Alberta's government and oil companies, the oil sands are like gold it has pushed the industry for centuries. The profitability of the oil sands to Alberta's government is worth the gamble.

2nd Row: Cheryl LeBeouf, Minerva Hawkins (accepting for Recipient Danielle Foster)

Judy Guillot, Torin Esteve, Susan Miller, Cora Bergeron

COFFEE FILTERS

Coffee filters...who knew! And you can buy 1,000 at the Dollar Tree for almost nothing.

- 1. Cover bowls or dishes when cooking in the microwave. Coffee filters make excellent covers.
- 2. Clean windows and mirrors. Coffee filters are lint-free so they'll leave windows sparkling.
- 3. Protect China: Separate your good dishes by putting a coffee filter between each dish.
- 4. Filter broken cork from wine. If you break the cork when opening awine bottle, filter the wine through a coffee filter.
- 5. Protect a cast-iron skillet. Place a coffee filter in the skillet to absorb moisture and prevent rust.
- 6. Apply shoe polish. Ball up a lint-free coffee filter.
- 7. Recycle frying oil. After frying, strain oil through a sieve lined with a coffee filter.
- 8. Weigh chopped foods. Place chopped ingredients in a coffee filter on a kitchen scale.
- 9. Hold tacos. Coffee filters make convenient wrappers for messy foods.
- 10. Stop the soil from leaking out of a plant pot. Line a plant pot with a coffee filter to prevent the soil from going through the drainage holes.
- 11. Prevent a Popsicle from dripping. Poke one or two holes as needed in a coffee filter.
- 12. Do you think we used expensive strips to wax eyebrows? Use strips of coffee filters.
- 13. Put a few in a plate and put your fried bacon, French fries, chicken fingers, etc on them. Soaks out all the grease.
- 14. Keep in the bathroom. They make great "razor nick fixers."

OH YEAH THEY ARE GREAT TO USE IN YOUR COFFEE MAKERS

Nutritional Information

Dietary Supplements

Can we skip our daily servings of fruits and vegetables and take a vitamin and mineral supplement instead? According to the Mayo Clinic, the answer is Definitely NO!

Vitamins and minerals are substances our bodies need in small but steady amounts for normal growth, function and health. Vitamins and minerals are called micronutrients. Our bodies can't make most micronutrients, so we must get them from the foods we eat or, in some instances from a dietary supplement.

Regular diets can be complemented by dietary supplements if one has trouble getting enough nutrients; but, supplements are not substitutes for food. Supplements cannot duplicate or replicate all of the nutrients or benefits of whole foods, such as fruits and vegetables. So, a daily supplement may not be worth the expense depending on a person's situation or eating habits.

Whole foods are the best source of micronutrients. They offer three main benefits over dietary supplements:

- ♦ <u>Great Nutrition</u>. Whole foods are complex, containing a variety of the micronutrients our bodies need not just one. For example: an orange provides Vitamin C plus some beta carotene, calcium and other nutrients. A vitamin C supplement lacks the additional micronutrients.
- ♦ <u>Essential Fiber</u>. Whole foods provide dietary fiber. Fiber, as part of a healthy diet, can help prevent certain diseases, such as Type 2 Diabetes and heart disease, and it manages constipation.
- Protective Substances. Whole foods contain additional substances recognized as important for good health. Fruits and vegetables, for example, contain naturally occurring food substances, called phytochemicals, which may help protect you against cancer, heart disease, diabetes and high blood pressure. They are also a good source of antioxidants, substances that slow down oxidation, a natural process that leads to cell and tissue damage.

Who needs dietary supplements?

If an individual is generally healthy and eats a variety of foods, including whole grains, fresh fruits, vegetables, lean meats and fish, he or she probably doesn't need supplements.

However, if one can't or doesn't eat enough healthy foods, or a variety of healthy foods, a person may need a daily dietary supplement. Supplements may be neccesary due to:

- Not eating well or consumes less than 1,600 calories a day.
- A person being a vegetarian and doesn't substitute or complement his diet appropriately.
- Being pregrant, trying to get pregnant or breast-feeding.
- A woman experiencing heavy bleeding during menstrual period.
- Bing postmenopausal woman.
- One having a medical condition that affect how his body absorbs, uses or excretes nutriens, such a chronic diarrhea, food allergies, or a disease of the liver, gallbladder, intestines or pancreas.
- One having had surgery on the digestive tract and is not able to digest or absorb nutrients properly.

If one decides to take a vitamin or mineral supplement, consider the following factors:

♦ <u>Check the supplement label</u>. Read labels carefully. Product labels indicate what the active ingredient or ingredients are, which nutrients are included, the serving size and the amount of nutrients in each serving.

- Avoid supplements that provide "megadoses." In general, choose a multivitaminmineral supplement that provides about 100 percent of the Daily Value (DV) of all the vitamins and minerals, rather than one which has huge amounts of one vitaminan amount much higher than the DV. The exception to this is calcium. Calcium supplements don't provide 100 percent of the DV. If they did, the tablets would be too large to swallow. It is <u>important</u> to divide calcium intake throughout the day.
- ♦ <u>Look for "USP" on the label</u>. This ensures that the supplement meets the standards for strength, purity, disintegretion and dissolution established by the testing organizaiton U.S. Pharmacopeia (USP).
- ♦ Look for expiration dates. Dietary supplements can lose potency over time, especially in hot and humid climates. If a supplement doesn't have an expiration date, don't buy it. Discard any supplements that have expired.
- ♦ <u>Store all vitamin and mineral supplements safely</u>. Store supplements in a cool, dry place. Avoid hot, humid storage areas, such as a bathroom.
- ♦ <u>Store supplements out of sight and away from children</u>. Put supplements in a locked cabinet or other secure location. Don't place on a counter or rely on child-proof packaging.

On the following page, you will find the **New Member Application for**

2009. THIS FORM NEEDS TO BE USED FOR **NEW MEMBERS ONLY**.

Because of the database system used at ADO these are the fields that are

recognized. All potential members must fill in ALL OF THE FIELDS,

including Area Codes!!! Be sure to complete the section about

receiving the D&D Journal online. The only field that does not need to

be filled in is the Member Number. This will be assigned by ADO.

Upon completion of this application, please enclose it along with your

check for \$50.00 payable to the Desk and Derrick Club of the Westbank

and send to:

Elaine Lesnak Membership Chairman

P. O. Box 2875

Gretna, LA 70056

Renewal forms for previous members have been distributed by the Club Membership Committee Chairperson.
