Letter 2

Dear Westbank Members,

The Budget and Planning Meeting will be on February 8th in Tulsa, OK. All correspondence to the Association Distribution Office should be sent to the Association of Desk and Derrick Clubs, 5014 FM 1500, Paris, TX 75460.

The Southeast Region Treasurer is Val Blanchard. All program reports should be emailed Lois Folsie.

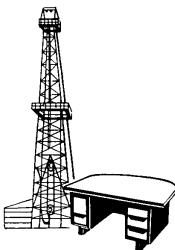

This month we celebrate Valentine's Day, a festival of romantic love and affection and Mardi Gras, a time to enjoy parades with family and friends.

Preparations are made for the 2020 Southeast Region Meeting, April 15-21st aboard the Carnival Valor. The Registration Packet is now available. Remember that Westbank members as of December 2019 will get their registration fee reimbursed by the club. I'm hoping that all our members can attend.

The 69th ADDC Convention will be held September 16-19th in Pittsburg, PA. It's not too early to begin planning your trip.

Remember.....***We Can Do It!***

Angie Duplessis

ACE Pipeline—Speaker Tristan Babin

Author—Judi Adams

Our January speaker, Tristan Babin, has a very impressive resume. He is currently the Communications and Public Affairs Advisor at the Phillips 66 Alliance refinery. Tristan represents the company in community, charitable contributions, local government and media, and with internal communications. His passion for digital communications brought about an internal app and video channel for employees. His education includes and B.A. in Mass Communication with a double major in Broadcast Journalism and Spanish/Hispanic studies from the University of Louisiana at Lafayette. He also has an MBA, with focus on Marketing, from UNO. He recently became engaged and used his love of Game of Thrones for the theme of the surprise engagement party when he popped the question (She said YES!).

Tristan shared information on the upcoming ACE (Alliance Chalmette Extension) Pipeline. The project is a partnership with Harvest Midstream, Phillips 66, and PBF. They are jointly working on a new pipeline to transport crude oil from the market hub in St. James Parish to existing refining operations in Belle Chasse, Meraux, and Chalmette. The main goal for the pipeline is providing safe, reliable transportation of crude oil in the region. This will improve Louisiana refineries’ access to growing energy resources in the United States and boost the global competitiveness of the energy industry in our state.

ACE Pipeline

The ACE pipeline system will transport crude oil from the market hub in St. James Parish to downstream refining destinations in Belle Chasse, Meraux and Chalmette, Louisiana.

The pipeline increases the ability of Phillips 66 in Belle Chasse to buy domestic crude and reduces need for supplies from ships on the Mississippi River. Plus, the pipeline would benefit other refining destinations that aren’t connected to the St. James Hub..

Tristan ensured us that Phillips and the pipeline partners are committed to being a good neighbors. At each stage of the pipeline planning process, they have openly shared the plans for ACE and have sought input from local and state elected officials. .

The project is currently going through permitting at the state and federal levels before moving to the local level. At this point we anticipate to begin construction in late 2020 and to have the pipeline in service in the first half of 2021.

Following a few questions, President Angie Duplessis presented Tristan with a certificate of appreciation and a note informing him that the club is making a donation to our Scholarship Fund in his honor.

ACE PIPELINE

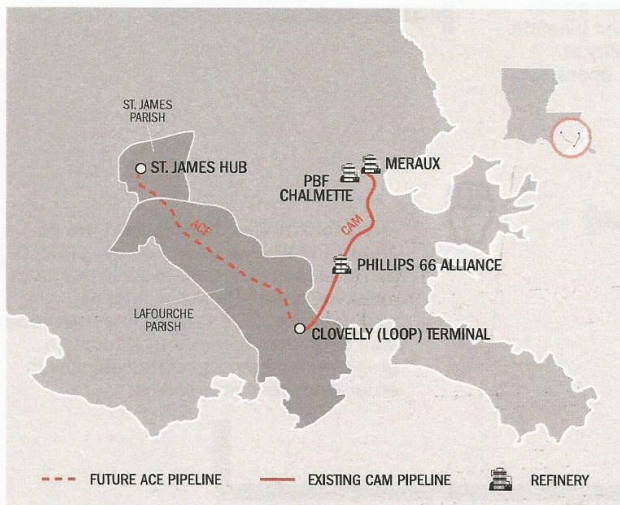

The ACE pipeline system will transport crude oil from St. James, Louisiana, to refining centers in Belle Chasse, Meraux and Chalmette, Louisiana. The pipeline will be a joint-venture between Phillips 66 Partners, Harvest Midstream and PBF Logistics. Phillips 66 will construct the new-build segment of the pipeline system. Harvest Midstream will operate the system when completed.

ACE Pipeline will include a 58-mile new-build segment to connect the St. James market center to Harvest Midstream's existing CAM Pipeline and the major refineries it serves. The pipeline is expected to be in service in the second half of 2020.

COMMUNITY BENEFITS

- It is our commitment to the communities where we live and work to leave our work areas in pre-construction or better condition. Louisiana is not just a place we do business. We have hundreds of employees who **call Louisiana home**.
- The new pipeline will create a **long-term tax income** for state and local government, funding schools and important improvements.
- Local services like restaurants, hotels and gas stations will see **increase in business**, during construction.
- This pipeline will ensure domestic energy can **safely and reliably** be delivered to refineries, manufacturers and ultimately, consumers in various forms.

SAFETY & ENVIRONMENT

- Pipelines are the **safest and most efficient** means of transporting crude oil, according to the US Dept. of Transportation.
- The planned route was carefully chosen to avoid sensitive areas and minimize community and environmental impact. Approximately **97 percent** of the new route will be in a current pipeline right of way.
- Working with the community and Louisiana Department of Wildlife, the pipeline route was chosen based on the **least environmental impact** and least acres of wetlands crossed.

THANK YOU

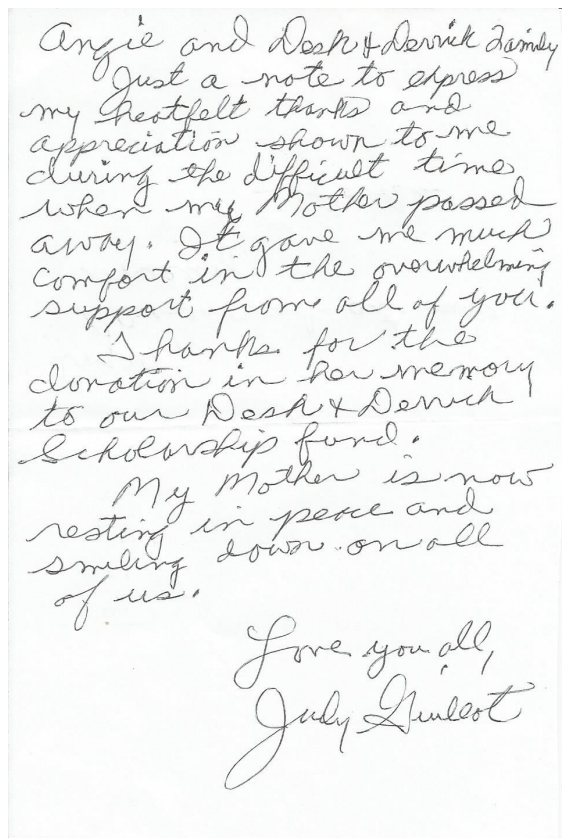

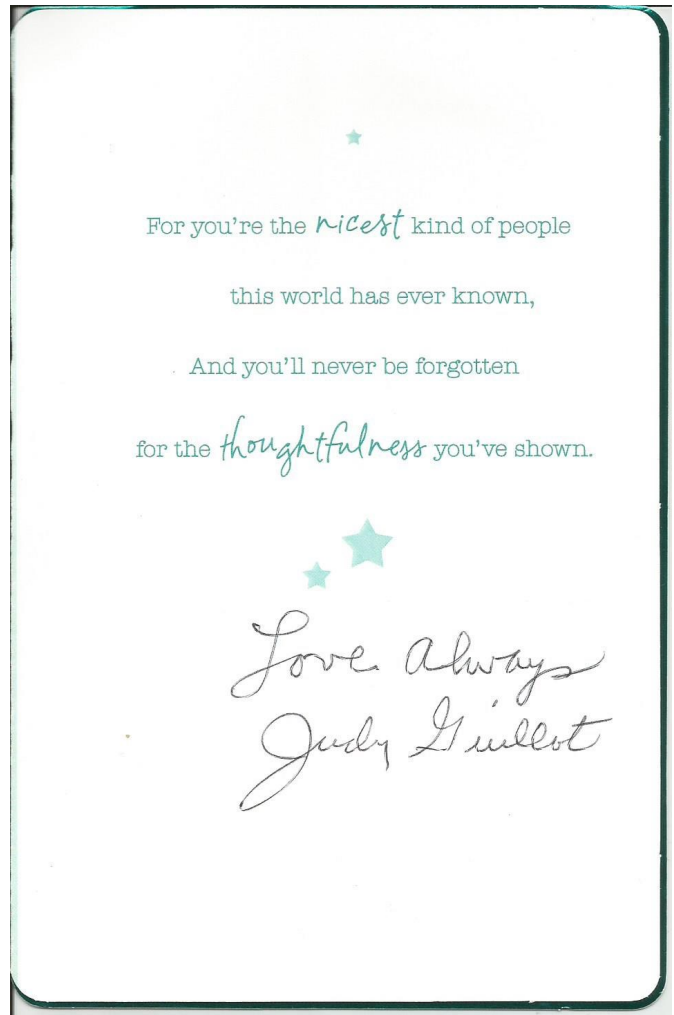

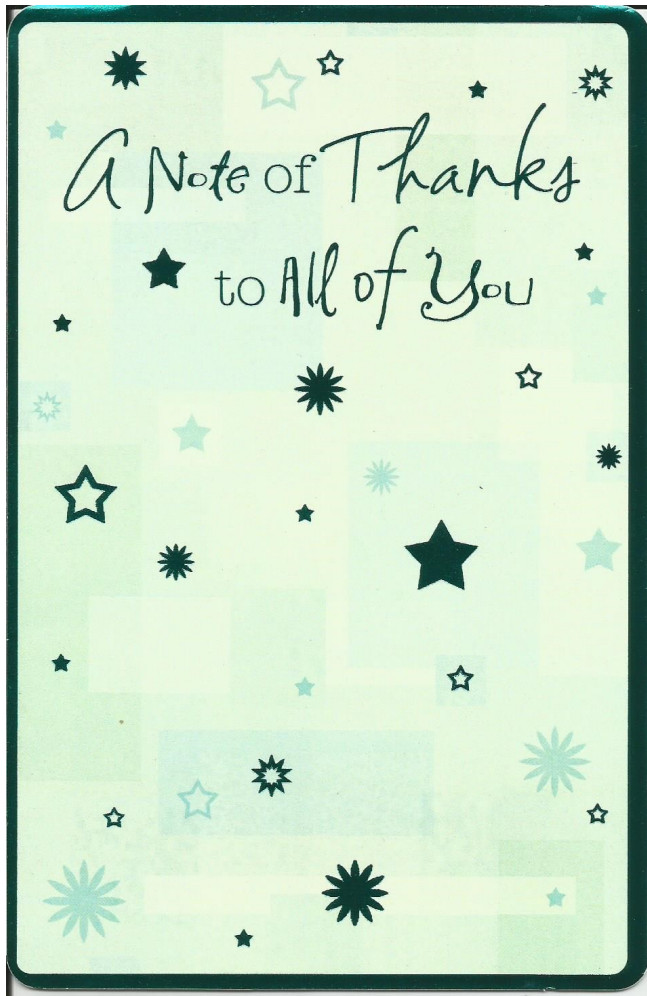

Dear Members of the Westbank
Club and fellow W & W friends:

Thank you for your prayers
and thinking of me as I
heal from my recent surgery.
Your thoughtfulness is
very much appreciated.
Love to all of you &
Happy and Safe Holiday
season.

Carol Schiavone

Gladys Blanchard Sansoni passed away on December 7, 2019. Former wife of Joseph "J.D." Sansoni. Beloved mother of Judy Guillot (Larry Jr.), and the late David Sansoni (Nora) and Gerald Sansoni. Grandmother of Lisa Tastet, Dina Blanchard (Tee), Jeremy Guillot (Tera), and Megan Guillot (Chance). Great-grandmother of Briana Tastet, Tharon Blanchard, Jr., Lainie Guillot, Jeremy Guillot, Jr., and Emrie Mercante. Daughter of the late Faustine Hebert Blanchard and Glaspa Blanchard. Sister of the late Dorothy "Babe" Himel (late Oscar), Marie "Teen" Naquin (late Eugene), Florence Naquin (late Hubert), Golden Totoria (late Joe), Rosa Mae Sansoni (late J.L.), Huey "Brother" Blanchard (Betty), Shirley Molliere (late Joe), and Edward Blanchard (Addie). Also survived by numerous nieces, nephews, cousins, and dear friends. Age 91 years, a native of Napoleonville, LA and resident of Marrero, LA. Gladys was a faithful parishioner of Immaculate Conception Catholic Church in Marrero, LA. She will be remembered for her love of family, as well as baking goodies and pralines for everyone, gardening, and her trips to the Belle Chasse Commissary. Special thanks to the staff of Tranquil Living and Compassus Hospice for their care and love for Gladys during her final days.

February 2020

Dear Members,

I'm happy to say January was a busy month as I organized and started executing my duties as Southeast Region Director. There were lots of emails as I worked on getting all the ADDC Chairman and Region Reps filled; in fact, we still have two openings: Education/Certification and the Leadership Committee. Please someone step up to fill these two important Committees. If you need more information on these Committees, please email me. I do want to thank the members who have already signed up for ADDC Chairman and the Southeast Region Rep Committees. These members will be listed in my letter next month.

In March, I will report results of the Budget and Planning Meeting in Tulsa and will keep you, the member, informed of ongoing issues in the Association.

Remember that the deadline for membership dues is February 1st. If you have not submitted your membership renewal forms and dues, please get them sent as soon as possible. Looking ahead to March, Desk and Derrick Awareness Month; what a great time to invite a guest and prospective member to the meeting.

The 2020 Nominating Committee is working hard to fill the position of Southeast Region Director for 2021. Lisa McCoy and her committee (Val Blanchard and Lori Lawrence) have sent out the email with information on qualifications; we know there are talented and qualified members to fill this position for next year.

The Westbank Club has sent out registration packets for the Southeast Region Meeting April 15th-20th. This will be a great educational meeting starting with certification, a great seminar, and a fun and educational field trip on land Wednesday and Thursday. We set sail on Thursday afternoon onboard the Carnival Valor for our Meetings and Networking. Angie Duplessis & Judi Adams, General Arrangements, are doing a fantastic job with all the logistics of this Regional Meeting and all members of the Westbank Club look forward to helping you enjoy this first-of-its-kind region meeting cruise.

Thanks to Sheryl Minear for agreeing to be our 2020 Region Parliamentarian; Val Blanchard, Region Treasurer; and Bonnie Wall & Dottie Ancona, Director's Assistants.

Happy Valentines Day to all and of course, Happy Mardi Gras!!

Susan

Won't You Let Me Take You on a Sea Cruise?

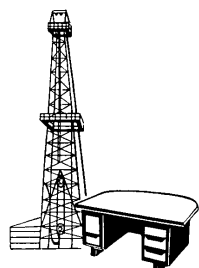

Please distribute to your club members.

Southeast Region Director

Susan Miller
SE Region Director

smiller2020rd@yahoo.com

ASSOCIATION OF
DESK AND DERRICK
CLUBS

To: 2020 SE Region Presidents and Club Members
2020 ADDC Board

It is my honor and pleasure to extend a special invitation to each of you to join us on a sea cruise. We'll start in the city of Gretna for certification, field trip, and seminar activities on Wednesday and Thursday before setting sail on the first ever Southeast Region sea cruise on Thursday afternoon! Please join me, along with host club the Desk and Derrick Club of the Westbank in Gretna, Louisiana, for the 2020 Southeast Region Meeting at the Holiday Inn on Westbank Expressway, April 15-20, 2020.

The hotel is offering a cruise and park package, that includes one-night stay (Wednesday April 15), buffet breakfast for two (April 16), and free parking until we return on Monday April 20th. All this for just \$149 (plus tax) per night. Send in your registration before the Early Bird Deadline (March 1st) to be eligible for drawings for \$100; but, definitely send your forms in by the deadline date of March 30th.

The topic for the Certification program on Wednesday is *Accounting*. Wednesday evening, we'll hold the Presidents' meeting. Thursday's field trip and seminar will enlighten us on the business of specialty hoses and give hints and tips for small clubs, plus innovative ways to provide educational programs to meet ADDC requirements.

On Friday, we'll hold the Business Session, Open Forum, and Member Recognition – where we will get updates on region clubs and committee activity, elect a 2021 Region Director, honor service years of our members, and reveal the names of clubs and members taking home Region Awards of Merit. Saturday is our day in port where we can enjoy the beauty of Cozumel. Heading back - Sunday at Sea - we'll enjoy a networking social. Of course, throughout the cruise, there will be lots of opportunities for photos, spa visits, pool time, and down time.

GAC's Angie Duplessis and Judi Adams and members of the Westbank Club have been hard at work to bring us a very unique Southeast Region Meeting! So, please let them know how much you appreciate their dedication to Desk and Derrick! Plan to sail into Gretna and let us take you on a sea cruise.

Susan

January 2020

2020 Southeast Region Club Presidents and Members
2020 ADDC Board of Directors

On behalf of the Desk and Derrick Club of the Westbank, we invite you to attend the 2020 Southeast Region Meeting, which will be held at the Holiday Inn, Gretna, LA and on the Carnival Valor, April 15-20, 2020.

Registration must be postmarked by March 30, 2020. After this date, registrations will not be accepted. There will be no on-site registrations.

We kick-off the 2020 Southeast Region Meeting with the Accounting segment of the ADDC Certification on Wednesday, April 15th; this way, members who cannot go on the cruise can attend the Certification class. We also are offering a "Land Only" option, so members can register to attend Certification, field trip, and seminar without cruising.

The Presidents' Meeting will be held Wednesday evening at a local restaurant (separate info will be sent to presidents). Registration on Wednesday and Thursday will be held at the hotel in the Crescent Room. We'll have one field trip and a seminar on Thursday morning, April 16th before we make our way to the Carnival Valor for the cruise. Round-trip shuttle service from hotel to docks and back is available for \$20.

Once on board the ship Thursday evening, you'll be on your own for dinner. All D&D members/guests booked through *Cruise Shoppe* will have early dining reservations at the main dining room. However, you can choose to dine at any of the restaurants throughout the ship.

During our first full day at sea, we'll hold the Business Session, Open Forum, and Member Recognition, including Early Bird drawings. Lunch will be on your own.

On Saturday, the ship will dock for our day in Cozumel, Mexico. All excursions must be booked through Carnival directly; these are NOT included in registration or with your cruise costs. We'll be on our own Saturday night for dinner as we sail back to New Orleans. On Sunday at Sea, we will meet for a fun networking time in the afternoon.

We will disembark on Monday morning and if you signed up for the shuttle back to the hotel, they will be there to bring us back to the hotel for our cars. We all look forward to having you join us on a sea cruise!

2020 CERTIFICATION PROGRAM

The purpose of the Association of Desk and Derrick Clubs' (ADDC) certification program is to provide an educational program covering the subjects within the established curriculum.

The program at the 2020 South East Region Meeting, **Basic Oil and Gas Accounting**, will be presented on **Wednesday, April 15, 2020**.

Sheryl Minear, San Antonio Club Member, will be the instructor. Sheryl oversees the accounting for several operators. The course will cover different types of ownership; review a joint operating agreement including the COPAS accounting procedures; measurement of oil and gas; and how to read a revenue check.

Don't know anything about oil and gas accounting? This is the perfect opportunity for you to become familiar with this aspect of the industry.

Registration: \$ 75 for members
 \$125 for non-members

FIELD TRIP

Spartan Industrial & Marine

Spartan Industrial & Marine offers industrial products to the south Louisiana oilfield service and marine markets. We are a different kind of company; we provide immediate responsive service to our customers. What's missing from many of today's companies is the necessity to provide its customers with excellent customer service, resolutions in problem solving and fulfillment of orders in a timely manner. Here at Spartan Industrial & Marine, we believe that providing this higher level of service to our customers will enable us to become their first and only choice for our products.

Spartan Industrial & Marine was formed by individuals with over 20 years in the distribution business serving the oilfield and marine markets of south Louisiana. Our goal is to provide a level of service currently unavailable today in the hydraulic, industrial and safety products market.

Attendees must wear closed-toe shoes.

Date: Thursday April 16, 2020

Time: 7:45 am to 9:30 am (board bus in hotel lobby)

Cost: Registered Members (free); Registered Guests (\$25)

SEMINAR Helping Our Clubs – Hints and Tips for Programs and Survival

Maggi Franks and Sheryl Minear

Date: Thursday, April 16, 2020 **Location:** Holiday Inn
Time: 10:00 a.m. – 11:30 a.m. **Cost:** Members (Free); Guests (\$10)

Over the past few years, many ADDC clubs have become smaller. Some challenges we are all facing include:

- ◇ Your club meeting this month is on the 22nd, the speaker you booked 3 months ago just cancelled. It's getting toward the end of the year, and you still need an educational program.
- ◇ You have a small but mighty club – 6-20 members. Securing a speaker is next to impossible. You've used every video available to you. You want to keep the group interested, but don't know where to turn. What can you do?
- ◇ Are bylaws and procedures more a hindrance than a help to your members?
- ◇ For the last year your club has covered the stages of a well from Seismic readings to marketing the finished product. You're now planning the meeting line-up for the next year. Covering the stages of a well will cause members to run away screaming. What new ideas can you present? Where do you turn to find new ideas?

This seminar will provide answers to these questions and more. Determine how to meet program requirements and keep the programs fresh and exciting. Learn that the size of the club doesn't always matter. This seminar will help you focus on quality, not quantity. And, it will help clubs learn ways to remain viable, using current technologies to your advantage.

Maggi Franks, 2017 ADDC President, is a 14-year member of ADDC. During this time, she has served at the club, regional and Association level. Thinking out of the box has never been a challenge, but more of an adventure for Maggi. She has three sons, Jacob, Behren, and Derek and a Rottweiler named Xena. She is a Senior Accountant with Appalachian Railcar Services, and has resided in Cross Lanes, WV for the last 19 years.

Sheryl Minear, 2008 ADDC President, has been a member of ADDC since 1983. Sheryl is currently serving as the President of the Council of Petroleum Accountants' Abilene Society. She served as Region V Director in 1997 and moved up the board. Sheryl also served as the ADDC Parliamentarian for several years. She was named the United States Energy Person of the Year by Nickles Energy in 1999.

February 2020

It is hard to believe January is gone just like that. Now here we are in February, just days away from Valentines Day, the day we associate with *love, romance, happiness*. I'm reminded of my elementary school days, when we took shoe boxes and decorated them with hearts to make our special box to collect Valentines from our classmates. We personally addressed Valentines to everyone in class, asking them to be our Valentine. Since I don't think I could possibly find time now to address over 1,000 Valentines to my Desk and Derrick family, I'll simply ask here...will you be my Valentine?

The ADDC Board is ready and will meet for the annual Budget and Planning Meeting, February 8, 2020. After this month's B&P Meeting, a summary of details will be posted on the ADDC Website for member review or publication in club bulletins.

Speaking of the website, if you haven't logged in and set up your login yet, here are some quick tips...

- If the email address you were using with the old website is no longer a good email address for you, please contact ADO so they can update your email address in the database so you will be able to complete your initial login. You can email ADO at ado@addc.org or call 405-543-3464.
- If your email address hasn't changed, or once ADO updates your account with a good email address, go to the website www.addc.org and click on *Member Login* on the right at the top of the web page. Your username for the website should be your first name, a period (.), and last name, ex. *keith.atkins*. Then click the *Forgot your password?* link under the *Login* button. On the *Password Reset* page, enter your username or email address then click *Reset my password*. Remember, the password used on this page must match the email address in the membership database, which is why it is important to have ADO update your email address if you have a new one since last year.

There is so much on our website to help clubs and members. The *Committees* area has committee guidelines and reports. The *News & Publications* area has monthly committee news, as well as the monthly ADDC President and Region Director newsletters for club bulletins. The *Clubs* and the *Region* areas have helpful information on club and region related issues. These are resources designed to help us. Let's start using them.

The Marketing/Publications Committee will soon publish our ADDC Blog. The blog is a way for us to post ADDC, Region, Club, or member news to get the information quickly to our membership. If you're like me, you aren't familiar with how a blog works, but I assure you, we will be passing along helpful information to guide us all into the 21st Century for real-time relevant communication of information.

Club presidents will soon be receiving information to share with their members, but I'm going to touch on it here so more members will have the very important information. ADDC has been receiving requests to pay for the unauthorized use of digital media, usually pictures, in publications posted directly to, or linked to the ADDC website. Most of us have believed if we find a picture on the internet, it's free for use in our club bulletins or other publications. We were wrong. There are online businesses that search the internet for images that have been used without the permission of the copyright holder. There are some websites that have pictures that are free to use. The information being sent to clubs will have information on these websites. The quality of the images may not be as good, but at least they are free and won't cost you, your club, or the Association a fine for illegal use. If you take a picture, you are the copyright owner. Posting that picture without your permission, equates to copyright infringement. If you post a picture that includes people, you technically must obtain their permission to publicly display the picture with them in it. The world is getting more complicated each day. Just be careful of what you publish in your club bulletin.

Sadly, we've recently learned of the disbanding of the Ohio Valley and Edmonton Clubs. We also heard the Red Earth Club in the Oklahoma City area will be voting on disbanding soon. These are challenging times for our organization. Please be vigilant in working on membership retention and recruiting in your clubs. It will be vital to our survival!

February 1 is the due date for membership renewals and dues to be received at ADO. Your club's membership chair is responsible for gathering renewal forms and dues so the club can submit to ADO. February 15th is the deadline to submit proposed changes to ADDC Bylaws and Standing Rules. March is D&D Awareness month so start planning your membership drive or other club marketing initiative now!

Until next month....

"Well done is better than well said." Benjamin Franklin

69th Annual ADDC Convention

When: September 16-20, 2020

Where: Pittsburgh, PA

Hotel: Sheraton Pittsburgh Hotel—Station Square

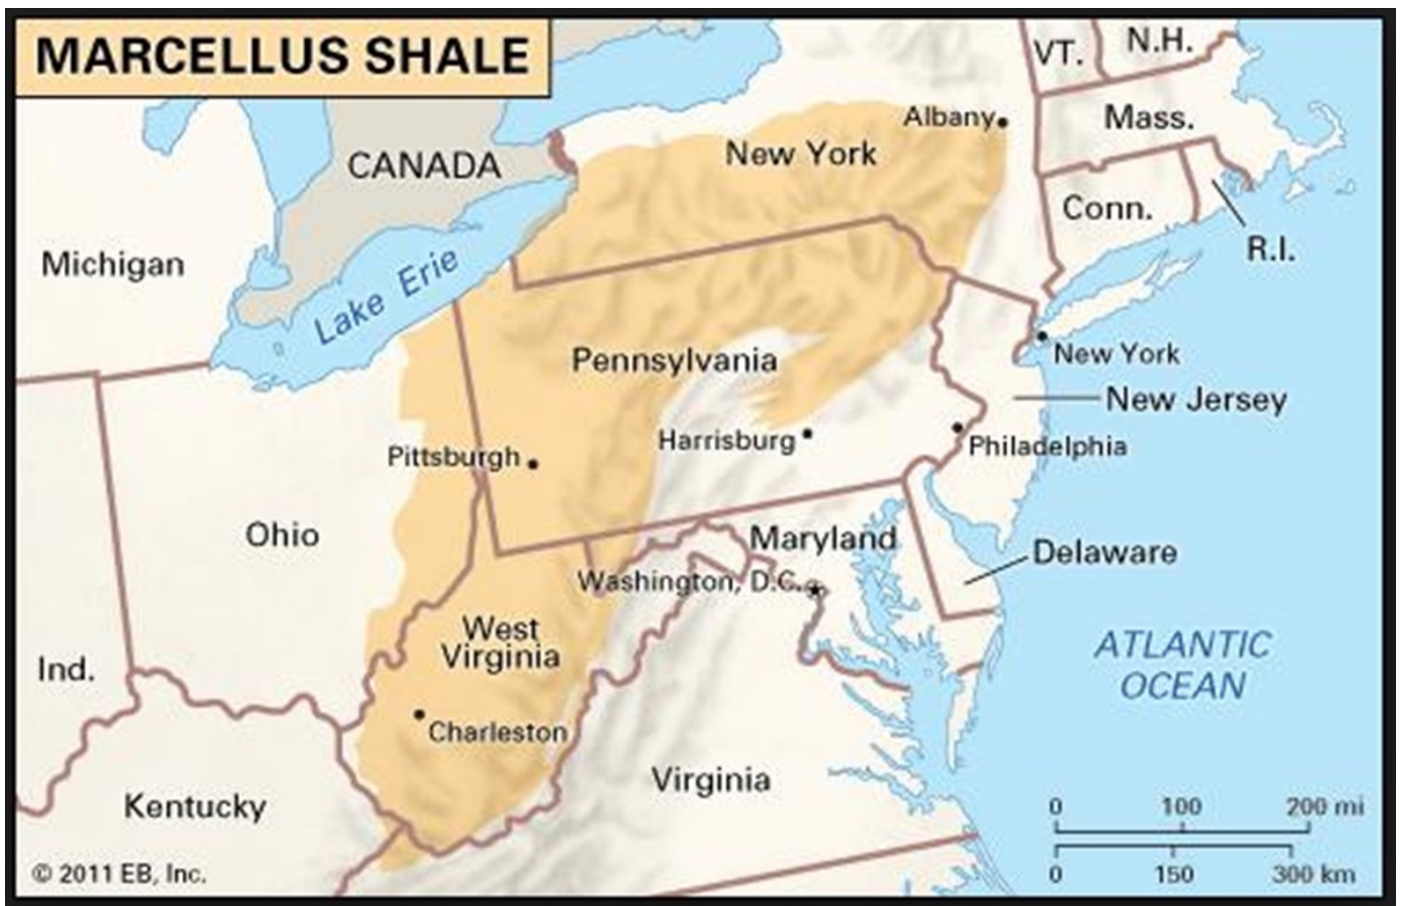

Rates: \$149/night Single, Double, Quad

1. Pittsburgh is called the “City of Bridges” for good reason. With 446, it has more bridges than any other city in the world—three more than previous record-holder Venice, Italy.
2. Pittsburghers speak Pittsburghese. We live in Picksburg. We go dahn tahn. The Stillers are our football team, we warsh our cars and our clothes. We redd up the house when it gets cluttered. We drink pop. And Yinz better be OK wit it!
3. And on the industry related front, The first drive-in gas station was built on Baum Boulevard in 1913.

Why Pittsburgh?

OFFSHORE GULF OF MEXICO SHELF AND DEEPWATER ACTIVITIES

During January 2020, the U.S. Department of the Interior Bureau of Safety and Environmental Enforcement (BSEE) approved 82 Gulf of Mexico (GoM) drilling permits. Eighteen of these were for shelf wells, and 64 were for deepwater wells. Of the total number of permits, there was 1 new well permit, and it was issued in deepwater.

The single deepwater new well permit was for an exploration well. Beacon Growthco Operating Company received the new well permit for their Green Canyon 821 #2 well.

On January 31st, the GoM mobile offshore rig supply stood at 69, which is 2 less than last month. The marketed rig supply consisted of 40 rigs, of which 31 were under contract. The marketed rig supply and the contracted rig supply numbers are also both 2 less than last month. The marketed contracted versus total rig supply utilization rate stood at 44.9%, and the marketed contracted versus marketed supply utilization rate stood at 77.5%. By comparison, the January 2019 total fleet utilization rate stood at 44.4% with 32 rigs under contract out of the 72 rigs in the fleet.

As of January 31st, there are 21 active mobile offshore rigs in the GoM, which is 67.7% of the rigs under contract mentioned above. This active rigs number is 2 less than reported last month. Currently, there are 2 rigs drilling on the shelf and 19 in deepwater. In December of last year, there were 19 mobile offshore rigs operating in the GoM representing a 10.5% increase in active rigs year over year.

As of January 31st, the total U.S. rig count stood at 790 rigs, which are 15 fewer rigs than reported at the end of December 2019. Of the 790 rigs, 675 (85.4%) are oil rigs and 112 (14.2%) are gas rigs. A year ago, there were 1045 rigs working in the U.S. Thus, the current rig figure represents a 24.4% decrease in rigs year over year. Texas continues to have the largest number of rigs presently with 395, which is exactly half (50%) of the total number of rigs in the U. S. Louisiana has a total of 52 rigs, down 6 rigs from last month. Nationwide, Louisiana ranks fourth in the rotary rig count; New Mexico ranks second with 108 rigs, and Oklahoma ranks third with 53 rigs.

U.S. Department of the Interior Bureau of Ocean Energy Management (BOEM) will hold OCS Sale 253 in New Orleans on March 18, 2020. (Source: OCSBBS)

Chocolate Icebox Pie

1 pre-made graham cracker crust, 1 cup sugar, 1/2 cup cocoa powder, 2 Tbsp flour, 2 eggs

1 12 oz can evaporated milk, 2 tsp butter, 2 tsp vanilla, 1/4 tsp salt

1 can whipped cream

1 bar milk chocolate

Whisk together sugar, cocoa powder, flour, eggs, evaporated milk, butter, vanilla and salt in a sauce pan. Gently heat the mixture to boiling, stirring frequently to ensure that you do not scald the mixture. Allow mixture to boil for 1 minute until it is thick and smooth. Pour mixture into the pie crust and allow to cool for at least 30 minutes and then place the pie in the refrigerator. Once pie is cool add whipped cream to the top. You can get creative with this or you simply spray it on the pie and spread it around. Sprinkle crushed chocolate bar on top of whipped cream and serve!

The *OCS BBS* Website

For 24 years, we have offered comprehensive website for critical oil & gas information for the Gulf of Mexico. **Visit our website to signup for a phone demo today at www.ocsbbs.com.** Please call Charlie directly with questions at (504) 439-3164.

OWNER & OPERATOR REPORTS

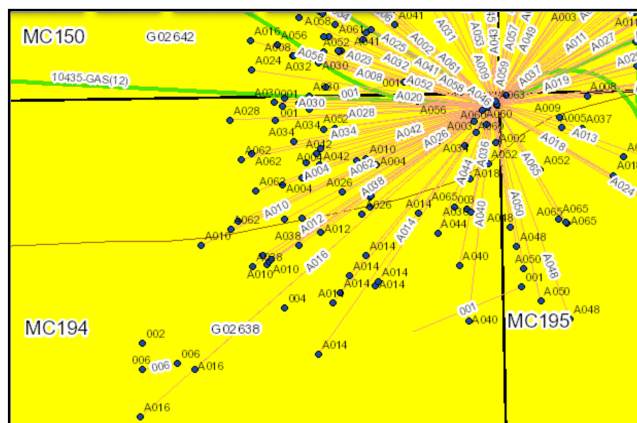

Owner/Operator Report (Record Title, Operator & Operating Rights)

WELL, PLATFORM & PIPELINE REPORTS

1. Platform information report with details on the platform structure
2. Platform Decommission Reports
3. Track status and locations of wells
 4. Daily Well Operations Report – Track current and future well operations scheduled to be performed daily for many operations like TA, PA, Initial Completions, Acidize, Casing Pressure Repair, Sidetrack/ByPass Change Zone and more.

GIS MAPPING SYSTEM – Easily view a map of your particular block(s) activity showing owners, operators, wells, platforms, pipelines, well directionals and more.

AND MUCH MORE!
